POLITICAL SURPRISES.

No Doubt That Missouri Has Left the Democratic Column.

FOLLOWED BY NORTH CAROLINA.

In the latter State Fusion with Populists Brought About the Result, While in Missouri There Was a Straight Out Fight for Supremacy.

KANSAS CITY, Mo., Nov. 9.—Returns from seventy counties out of 115 indicate the positive election of the Republican state ticket, nearly 100 members of the house of representatives, enough members of the state senate to make that body a tie politically and probably eleven out of fifteen congressmen, with contests certain in the Fifth and the Third. If the present percentage of Republican gains is maintained to the close of the returns, Black is defeated for supreme judge by 10,000 by Robinson, the Republican candidate. The fight in the Sixth congressional district is so close that the official count only can decide the contest. Richard P. ("Silver Dollar") Bland, of the Eighth district, admits his defeat for congress by Dr. J. D. Hubbard, rep.

In the congressional fight Dockery, of the Third; Tarsney, of the Fifth, and Cobb, of the Twelfth, are the only Democrats that have been elected on the face of the returns. Hatch, Halleck, Ellison, Heard, "Silver Dick" Bland and Champ Clark have been defeated. Bartholdi in the Tenth, Joy in the Eleventh and Ranney in the Thirteenth swell the Republican column.

NO LONGER DEMOCRATIC.

The Success of North Carolina Republicans, Populists' Fusion.

RALEIGH, N. C., Nov. 9.—In the absence of official figures the following carefully prepared estimate may be relied upon as latest figures on the Populist-Fusionist majorities. It must be noted that the present associate justice, Walter Clark, will keep his seat, as he ran on both tickets and got nearly all votes cast. The next United States senators will probably be Marion Butler and Mott, with a scheme for Pritchard, but Mott has the go now. Congressional results follow: District No. 1. Skinner, pop.; 2. Woodward, dem.; 3. Shaw, dem.; 4. Strode, pop.; 5. Settle, rep.; 6. Lockhart, dem.; 7. S. Shuford, pop.; 8. Linney, pop.; 9. Pearson, rep. and Crawford, dem.; both claim that the official count is necessary to decide it. The state and judicial ticket of the Fusionists is elected by several thousand. Marion Butler, the Populist leader, claims 29,000. The legislature on joint ballot will probably be Fusion.

McMillin May Be Defeated.

WASHINGTON, Nov. 9.—On the strength of the latest returns received, Chairman Babcock, of the Republican congressional committee, figures that the Republican representation in the next house will be at least 270 members. The change from yesterday afternoon's statement is made by one additional from Illinois and one from North Carolina. The dispatch received that caused the greatest surprise was one stating that Representative McMillin, of Tennessee, was possibly defeated. It came from the chairman of the state central Republican committee of Tennessee and added that the returns in the district were not all in. Chairman Babcock also says that from present indications the Republicans will have at least 41 members of the next senate, and in this number is included Senator Jones, of Nevada.

New York's Official Vote.

NEW YORK, Nov. 9.—Complete returns from New York state show the vote for governor as follows: Morton, 608,712; Hill, 514,874. Morton's plurality, 133,838. The official vote of New York city for mayor is as follows: W. L. Strong, rep., 153,043; Hugh J. Grant, Tammany, 108,778; Lucien Sanial, Socialist, 7,181; James McCullum, pro, 928; George Gettem, pro, 868. Strong's plurality, 44,265. The official vote for president of the board of aldermen gives John J. Johnston, rep., a plurality of 44,313; E. J. H. Hansen, rep., for sheriff, 27,160.

Senator Jones Elected.

SAN FRANCISCO, Nov. 9.—Senator Jones arrived in this city from Nevada, and is highly elated over the success of the silver party in that state. He is confident that the silver ticket has carried all of the more important state offices. Senator Jones also expressed pleasure over the political upheaval in the east. "But," said he, "no immediate good results can take place, nor any renewal in business need be expected until reorganization of silver is carried into effect."

Back Into the Frying Pan.

PORTLAND, Ore., Nov. 9.—Governor Penoyer, in an interview on the late election, said: "Two years ago the people jumped out of the frying pan into the fire. This year they have jumped back into the frying pan again. This election landslide is really an unwitting rebuke to Cleveland for his financial policy."

Clear Republican Majority in Washington. TACOMA, Wash., Nov. 9.—Indications are that the Republicans will have 35 members of the legislature out of a total of 112, the Populists 14, and the Democrats 13, giving the Republicans a clear majority on joint ballot of 28.

Turney's Plurality Swelling.

MEMPHIS, Nov. 9.—Returns received from the Democratic strongholds in west Tennessee continue to swell the plurality for Governor Turney, and it is possible that it may go over 1,000.

Populists Claim Texas.

ABILENE, Tex., Nov. 9.—The Populists now claim to have elected their candidate for governor, Nugent, by 80,000 plurality. The Democrats claim the state by 30,000 for Culberson.

For dyspepsia try McMonagle & Rogers' Pepsin Essence.

IMPORTANT BALLOT DECISION.

A Supreme Court's Ruling on the Present Method of Voting.

LANSING, Mich., Nov. 9.—The supreme court has just handed down the most important decision affecting the present method of voting that has ever been made. On the question of what constitutes a "distinguishing mark" on a ballot, which mark is prohibited by law, the court unanimously holds that any mark, whatever, other than a single one appropriate to the intention of a voter is a distinguishing mark. The results of this decision will be far reaching.

The court holds that if two tickets on an official ballot are identical the marking of a cross over each is illegal; also that to mark a cross over any ticket and then before each name on such ticket or placing a cross before the name of a candidate and then erasing the name of his opponent on another ticket is illegal.

In substance the opinion holds that a single is a vote, and is sufficient to indicate the voter's intention, and that a second might be agreed upon as a means of identification. It has been the practice of election inspectors to count all such doubly marked ballots, so that under this decision any of the elections held under the Australian voting system, it is believed will be contested.

Booth Starts on His Western Trip.

NEW YORK, Nov. 9.—General William B. Booth, the head of the Salvation Army, started on his tour of the nation at Pittsburgh today. His route is as follows: Cleveland, Nov. 12 and 13; Cincinnati, Nov. 14 and 15; Toledo, Nov. 16 and 17; Detroit, Nov. 18; Lansing, Mich., Nov. 19; Grand Rapids and Kalamazoo, Nov. 20 and 21; Chicago, Nov. 22 to 27; Minneapolis, Nov. 28; St. Paul, Nov. 29; Kansas City, Dec. 7; Denver, Dec. 9 and 10; Salt Lake City, Dec. 13; San Francisco, Dec. 17 to 22; Stockton, Dec. 23; Portland, Dec. 24; Tacoma, Dec. 27; Seattle, Dec. 28. This ends the United States trip proper. Leaving Seattle the general will go to Vancouver, thence he will traverse the great Canadian northwest.

A Monument to Alexander III.

ST. PETERSBURG, Nov. 9.—National subscriptions have been opened for a great monument to be erected to the memory of Czar Alexander III. "The great peace-maker." This work was undertaken by order of the new czar, and it is understood that the monument will be erected at Moscow. The work of constructing the tomb of Alexander III in the cathedral of St. Peter and St. Paul has commenced. The body of the late czar will rest beside the tombs of his mother and father, near the entrance of the cathedral.

Dunraven Wants Concessions.

NEW YORK, Nov. 9.—The prospects of another series of international races were given an additional impetus this week when it became known that Lord Dunraven had sent a letter to the New York Yacht club, the members of which met last night in special meeting to consider the communication. The letter is not a challenge, but simply a discussion of preliminary conditions. Lord Dunraven desires certain modifications of the terms and conditions of the Vigilant Valkyrie matches.

Mr. Bryant's Big Board Bill.

NEW YORK, Nov. 9.—Justice Barrett rendered judgment in the supreme court for \$24,111.51, a board bill, in favor of Julius Shaw, former owner of the Grand Union hotel, against Carolan O'Brien Bryant. Bryant, his two daughters and a maid lived on credit at the hotel during the three years between 1892 and 1893. They had expectations to the amount of \$100,000, which they finally realized. They refused to pay and Mr. Shaw brought suit.

Six Railroad Victims.

PITTSBURG, Nov. 9.—In clearing away the wreck on the Baltimore and Ohio railroad at Rosenthal siding, two miles east of Rockwood, the body of G. W. Minner, brakeman of the freight train, was found in the wreckage. This makes a total of six killed. The two mail clerks who were injured are F. A. Williamson and C. H. Hooten, both of Baltimore. They are severely hurt, but neither of them fatally.

Tried to Burn the Whole Town.

WHEELING, W. Va., Nov. 9.—A dastardly attempt was made during the night by unknown parties to destroy Addison, the county seat of Webster county, by fire. The town was set afire in several places, and before the people could be aroused and the fire extinguished the Opera House and Miller & Co.'s store and the postoffice building were totally consumed. The loss is very heavy, with little insurance.

A Maryland Mystery.

OCEAN CITY, Md., Nov. 9.—Citizens of this place discovered the decomposed body of a colored man named Henry suspended from a limb of a tree about a mile from town. Henry disappeared from his home in June, and had not since been heard of. Whether the man committed suicide or was hanged for some wrong committed is unknown. The authorities will investigate.

"There is Danger in Delay."

Since 1861 I have been a great sufferer from catarrh. I tried Ely's Cream Balm and to all appearances am cured. Terrible headaches from which I had long suffered are gone. —W. J. Hitchcock, late Major U. S. Vol. and A. A. Geo., Buffalo, N. Y. Ely's Cream Balm has completely cured me of catarrh when everything else failed. Many acquaintances have used it with excellent results. —Alfred W. Stevens, Caldwell, Ohio. Price of Ely's Cream Balm is 50 cents.

Rheumatism Cured in 50 Days.

WAITE GROWS POETICAL.

Our Cause Is Just, He Says, and Therefore Immortal.

DENVER, Nov. 9.—Governor Waite has written the following letter to H. G. Clark, chairman of the Populist state central committee:

"I am informed that you feel badly over the result. Of course a great deal of fault is found. Nobody knew that the old cow would eat up grindstone. It would be singular indeed if there had been no fault found with the management, but I am persuaded that nothing was done by the state central committee or by any of the candidates that could have changed the result. We may as well accept our defeat philosophically. We have lost this fight, but our cause is just, and therefore immortal.

"In an especial manner I wish to impress upon you my entire confidence in your integrity. The stars in their courses have fought against us, but 'freedom's battle, bequeathed from sire to son, though often lost, is ever won.'"

DES MOINES, Nov. 9.—Governor Waite is going to leave Colorado. A well known Populist says that the governor is thinking over a proposition said to have been made to him to take up his residence in Illinois. It is said that the People's party of Illinois have taken such a liking to the governor that they want him not only to reside among them, but also to lead them to victory as their candidate for governor in 1896.

Shipped Cartridges in Barrels of Tallow.

NEW YORK, Nov. 9.—Victor De La Cova, a packer, of 141 Franklin street, has been held in \$25,000 bail to the federal grand jury. He was arrested several days ago on the complaint of Commodore Hughes, of the Ward line, for placing cartridges among barrels of tallow on the company's steamer Yumari, bound from this city to Havana, Cuba. Whether the company intends to trace the disasters to their other vessels during the past year to the same source was not developed at the hearing. The only witnesses produced were Edgar Beard and John B. Leighton, two Pinkerton detectives, who swore that on Oct. 8 last they called on De La Cova and asked him if he could ship 12,000 cartridges for them to Havana. He said he could, and then, in confidence, said he had already sent a consignment of cartridges to Cuba on the Yumari.

The Indictments Legal.

TRENTON, Nov. 9.—The supreme court decided as legally valid the indictments found in Hudson county some time since, against the old board of street and water commissioners of Jersey City for malfeasance in office. The indicted officials are John L. Madden, William R. Cook, Edward A. Dugan, Charles J. Somers and Stephen P. Yoe. The court also rendered a decision setting aside an ordinance passed by the water commissioners of Newark, granting the Consolidated Traction company the right to lay tracks on certain streets in that city. A decision was also rendered in the case of Kennedy against the city of Jersey City and the North Hudson Traction company, opposing a trolley franchise.

Baseballist Kelly Dead.

BOSTON, Nov. 9.—Michael J. Kelly, the baseball player, died at 9:54 last night, after a week's illness, of pneumonia. Although he had been ill for several days it was not thought necessary to summon Mrs. Kelly from her home at Allentown, Pa., until Wednesday, at which time communication was cut off by the crippled telegraph line. Since the baseball season closed Kelly has been connected with a theatrical company, appearing in specialty. Last Monday morning he came to Boston feeling slightly ill, but that night was compelled to call a physician.

Condemned to Hang, But Lynched.

MACON, Ga., Nov. 9.—Lee Lawrence, a negro, who assaulted a Mrs. Polk in Jasper county, and had been brought to this city for safekeeping, was carried to Monticello yesterday. He was tried at the September term of the superior court and sentenced to be hanged on Nov. 20. The neighbors of the injured woman were not satisfied, however, and taking the negro from the officers carried him to the outskirts and hanged him, riddling his body with bullets.

Women Cannot Vote in Jersey.

TRENTON, Nov. 9.—The supreme court has decided the Vineland school trustee fight, and holds that the board elected last July, at which election women were denied the right to vote, is the legal board. The legislature, under the constitution, is the opinion of the court, had no right to authorize women to vote at school elections.

A Repairman's Sudden Death.

POTTSVILLE, Pa., Nov. 9.—Timothy Healey, an employee of the Pottsville section repair force of the Philadelphia and Reading railroad, dropped dead after reaching his home. He worked all day, and was apparently in good health. He was 65 years old, and leaves a wife and child.

Rebecca Wilkinson, of Brownvalley, Ind., says: "I have been in a distressed condition for three years from nervousness, weakness of the stomach, dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nervine, which did me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely medicine; a few bottles of it have cured me completely. I consider it the grandest medicine in the world." Warrented the most wonderful stomach and nerve cure ever known. Sold by J. E. Mills, Middletown, N. Y.

TALMAGE'S RESIGNATION.

The Great Preacher to Retire from His Brooklyn Church.

WILL BECOME AN EVANGELIST.

For a Year at Least He Will Make Pastoral Visits Throughout the Country, Starting Early in January—His Letter of Resignation.

NEW YORK, Nov. 9.—Dr. T. DeWitt Talmage, pastor of the Brooklyn Tabernacle, which was recently for the third time destroyed by fire, has written a letter to the elders of the church tendering his resignation.

Dr. Talmage's letter of resignation is as follows:

"Dear Brethren: I hereby ask you to join with me in a request to the Brooklyn Presbytery that they dissolve the pastoral relation now existing. The congregation of the Brooklyn Tabernacle have built during my pastorate three churches, which have been destroyed. It is not right that I should call on them to build a fourth church during my ministry.

"I advise that you do one of two things, either call a new pastor, under whose leadership a church might be built, or remain in organization until you can give certificates of membership to our people, so that they may in usual form join sister churches.

"As for myself, I will, as providence may direct, either take another pastorate or go into general evangelistic work, preaching the gospel to all people without money and without price."

The session, according to an intimate friend of the famous preacher, met Dr. Talmage, and agreed to request the Brooklyn presbytery to dissolve the pastoral relations now existing. This is a practical acceptance of the resignation.

Dr. Talmage will, in the future, devote himself entirely to evangelistic work. For a year at least he will make pastoral visits throughout the country, starting early in January. The manager of his business affairs said today: "Dr. Talmage believes he is called upon to preach the gospel and not to plan how interest on a big church debt can be raised and how impatient creditors can be appeased."

Trolley Jumps an Embankment.

PITTSBURG, Nov. 9.—Last evening a trolley of the West End Electric Street railway jumped the track going down the steep grade on Steuben street, and went over a thirty foot wall. Two passengers, Mrs. Dr. Rankin, of Allegheny, and Frederick Graff, of Ellipticburgh, were badly bruised, and the motorman, Joe Mannion, was pinned beneath the car, suffering a badly sprained shoulder and it is thought internal injuries. Lucille Taylor, a 10-year-old girl, who was walking up Steuben street, was thrown over the embankment and is badly hurt.

Honoring Dr. Parkhurst.

NEW YORK, Nov. 9.—Rev. Dr. Charles H. Parkhurst, preacher and reformer, was tonight elected an honorary member of the Union League club at the regular monthly meeting of the club. Until Dr. Parkhurst's name was added to the number there were just a dozen of such members, including General Harrison, General O. O. Howard and Governor-elect Morton. Dr. Parkhurst met at the thirteenth and he is the only clergyman to be thus honored.

German Defeat in Africa.

BERLIN, Nov. 9.—A dispatch received here says that 2,000 natives of the Mawanoji tribe recently attacked Kilwa, a fortified town, and were defeated by a force of German regulars and natives under Baron von Ehrenstein. Later, however, the Mawanoji tribe returned to the attack and captured the place with much bloodshed. It is stated that the Germans have not a force strong enough to recapture the town.

Revolutionists Gaining Ground.

RIO DE JANEIRO, Nov. 9.—In the last six weeks the revolutionists in Rio Grande do Sul seem to have been gaining ground. It is reported that a conspiracy exists among the war ships to join the rebels, and that under pretext of quelling the rebellion Peixoto will assume chief command and retain it, putting Moraes in the background.

Killed by a Drop Hammer.

PHILADELPHIA, Pa., Nov. 9.—Lewis Zuber, formerly a young man at the Philadelphia and Reading blacksmith shop at Cressona, was struck by a 250 pound drop hammer and instantly killed. His neck was dislocated.

Marvelous Results.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Elvas Junction, she was taken down with pneumonia, succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at McMonagle and Rogers' Drug Store. Regular size 50c, and \$1.00.

ADMIRAL GHERARDI TO RETIRE.

Major General Howard Also Quits Active Service in the Army.

NEW YORK, Nov. 9.—At midnight to-night will occur the retirement of Rear Admiral Gherardi from the navy. He is now in command of the New York navy yard, and it is expected that Secretary Herbert will issue the order detailing his successor simultaneously with several other important changes. Commodore Montgomery Ward, U. S. N., has been selected to succeed Admiral Gherardi in the command of the Brooklyn navy yard.

Rear Admiral Bancroft Gherardi is now the senior officer on the active list of the United States navy, and is credited in the official register with twenty-five years of sea service, while his shore duty has comprised almost every variety of employment.

ADMIRAL GHERARDI.

which can fall to the lot of a naval officer. He is the nephew of the eminent historian, George Bancroft, who was the secretary of the navy to whom the United States Naval academy is indebted for its existence more than any other person. Admiral Gherardi was born in Louisiana Nov. 10, 1832, but was appointed from Massachusetts in June, 1866. Admiral Gherardi had charge of the grand naval review at Hampton Roads and New York in April, 1893.

After forty years' service Major General Oliver O. Howard retired from actual service in the United States army yesterday. His retirement was made compulsory under the law which provides that officers, upon reaching the age of 65, must be retired on three fourths of their pay.

Major General Oliver O. Howard was born in Maine on Nov. 8, 1830, and was appointed to the Military academy from that state. Among the battles in which he was engaged in the rebellion were Bull Run, Fair Oaks, where he was twice severely wounded and lost his right arm; Fredericksburg, Gettysburg, Chattanooga, Missionary Ridge and Atlanta. From 1873 to 1881 he was almost continuously fighting Indians, and since Dec. 12, 1888, he was in command of the division of the Atlantic and Department of the coast.

Alexander Borne to St. Petersburg.

SEBASTOPOL, Nov. 9.—Salutes from the ships and the forts here announced the arrival of the cruiser Pamiat Merkovia, carrying the body of Alexander III. Czar Nicolas and the grand dukes bore the coffin ashore. They were received by officers and deputations representing the whole Russian army. The coffin was placed in a saloon special train. The czarowitz, whose health would not permit him to accompany the remains to St. Petersburg, took an affectionate farewell of his relatives, and the train then started on its journey. The czarowitz will immediately return to Abkhazti, in the Caucasus.

Handler Defeats Greenfield.

WASHINGTON, Nov. 9.—At the Eureka Athletic club arena at Alexander Island last night, Walt Greenfield, of Birmingham, England, and Jimmy Handler, of Newark, N. J., met in a finish fight for a \$1,500 purse. The fighting was clean and sharp, both evincing a desire to mix it up at all and every stage. In the sixteenth round Handler floored his man with a stiff right arm jab, and Greenfield took seven seconds before he staggered to his feet, and then only to be caught with a similar punch, which put him out for good.

Professor Zacharin's House Attacked.

ST. PETERSBURG, Nov. 9.—The medical students of this city made a hostile demonstration against Professor Zacharin yesterday. They were dispersed by the police. ORGANIZATION LEGAL.

Attorney General Olney on the Reading Controversy.

RECEIVERS' ATTITUDE UNTENABLE.

They Have No Right to Insist That the Employees of the Company Shall Desert the Brotherhood of Railway Trainmen. Unorganized Labor Powerless.

PHILADELPHIA, Nov. 9.—The controversy between the receivers of the Reading Railroad company and such of its employees who belong to the Brotherhood of Railroad Trainmen has prompted an expression of opinion from Attorney General Olney in the form of a letter to Judge Dallas, of the United States circuit court, before whom the case is pending.

The difficulty between the two organizations reached a crisis on Aug. 15 last, when General Superintendent Swigard summoned before him eleven employees and notified them that they should abandon the brotherhood as a condition of retaining their places with the railroad company. Vigorous protests were made against this alternative, and the brotherhood urged the receivers to withdraw it, but in answer the receivers, on Sept. 17, wrote:

"The policy of this company is well known to be that it will not consent that persons in its service shall owe allegiance to other organizations which may make claims upon them which are incompatible with their duties to their employers. This position was taken advisedly, and we have no intention of departing from it."

Attorney General Olney's letter is an exhaustive discussion of the questions presented, and he reviews the various problems, and the consistent solutions to be applied, in every aspect. In substance he holds that labor unorganized is practically powerless; that in combinations such as this lies the only safeguard of the workman in his dealings with organized capital, and that his right to belong to such a union, beneficial in intent and purpose, is a legal right which he cannot be deprived of.

Attorney General Olney's letter is in part as follows:

"The petitioners are members of the Brotherhood of Railroad Trainmen. Some of them have been members for seven or eight years—have each year paid annual dues and assessments which now amount to considerable sums of money—and by continuing their membership will, in case of death or permanent disability, become entitled by themselves or their representatives to large pecuniary payments from the funds of the brotherhood. On the other hand, by ceasing to be members, they lose all benefit from the assessments and dues already paid and forfeit all claim upon the brotherhood treasury.

"The constitution and rules of the brotherhood and of the subordinate lodges are before the court as part of the petition. No controversy or antagonism has ever arisen or existed between the Reading railroad and the brotherhood or any of its lodges, or between the Reading railroad, and any members of the brotherhood as such members. If, as is claimed, the Reading railroad has for some years adopted the rule that it would not have in its service any member of a labor organization, it is a rule which has not been uniformly nor invariably acted upon.

"The Reading railroad owns now in the hands of receivers, the receivers are officers of the company, and the company are officers of the court. The court, therefore, and not the company, is the employer of all the persons engaged in the operation of the road. The present policy of the court—and not the past policy of the company—is the material thing to be considered. And hence the precise question is: Will the court now lay down the rule that members of the Brotherhood of Trainmen shall, because they are such members, be discharged from the service of the road?

"The court, it is admitted, ought not and cannot lay down any such rule on the ground that either the purposes and objects of brotherhood, or the means by which they are to be attained, are shown to be illegal."

Speaking of the aims and purposes of the brotherhood, the attorney general says: "Certainly the objects must be regarded as laudable in the highest degree and as deserving the approbation and support of every good citizen. They are indeed practically the same as those for which working people are expressly authorized to incorporate themselves by act of congress—the statutory description of such objects being for the purpose of aiding its members to become more skillful and efficient workers, the promotion of their general intelligence, the elevation of their character, the regulation of their wages and their hours and conditions of labor, the protection of their individual rights," etc.

Speaking of strike he says: "It is unnecessary to elaborate the proposition that a strike is not necessarily unlawful since it is emphatically sustained by the recent decision of the circuit court of appeals in the Farmers' Loan and Trust company vs. Northern Pacific Railroad company, just decided in Chicago."

"It should be remembered that the risks of a strike are not obviated by excluding the members of the brotherhood from the receivers' service. Men desiring themselves aggrieved and seeking relief or redress, though not associated in any way or for any general purposes, may easily unite for the single purpose of a strike. In that view the brotherhood constitution and rules may well be regarded as operating in restraint of strikes."

"The best service is not to be expected from employees who smart under a sense of injustice and are in a chronic state of discontent. Yet such is the inevitable condition of employees whose right to organize for mutual protection and benefit is attacked and whose opportunity to labor is conditioned upon the sacrifice of that right. They cannot help noting that organized capital is not so restricted."

FRIDAY, NOV. 9, 1894.

The Port Jervis *Gazette* says the Grace ticket, which bore only the names of Hill, Lockwood and Brown, cost the local Democratic candidates at least fifty votes in the town of Deerpark, that number of those tickets having been voted. In Erie county 4,000 of these tickets were voted, causing the defeat of a Democratic candidate for Congress.

The constitutional amendment relating to coroners, adopted by the vote of Tuesday, does not abolish the office, though that is the end it has in view. It simply empowers the Legislature to abolish the office and until the Legislature does that the coroner will remain. It was thought by many people that Coroner Decker would be out of a job on January 1st, 1895, but it is hardly probable that the Republican Legislature will pass a law abolishing the office until the Republican coroners just elected, get at least two years' salary from the office.

Some prominent Democrats are insisting that it is the duty of Democrats, at the coming session of Congress, to pass bills making all raw materials free of duty. It was done, it is asserted, that the country would so prosper in the next two years, that the verdict of Tuesday would be reversed in 1896 and the people would declare against any change in tariff policy. This is undoubtedly true, but it would be worse than useless to attempt any tariff legislation at the coming session. The session will end March 4th and Republican Senators would have no difficulty in talking against time for three months and thus preventing any vote in the Senate on tariff bills sent to it from the House.

The greater New York scheme received a majority of votes in all the cities which it is proposed to include in the consolidation. New York's majority for consolidation was 17,344; Brooklyn's 1,393; Long Island City's 2,376. Richmond county gave a large majority in favor of consolidation. It is a fact worth noting that the old wards of Brooklyn gave majorities against consolidation, while the new wards, formed by the annexation of East New York, New Utrecht, Gravesend and other outlying districts, rolled up large majorities for consolidation.

"The King of France, with twice ten thousand men, marched up the hill, and then marched down again."

In 1892, after a quarter of century of debate in Congress, upon the stump, in the newspapers, by the light of home firesides, in club rooms, and in all places of common assembly, the American people resolved that the public good would be promoted by more or less radical changes in the country's fiscal policy, and so it came about that they voted out of office the party which stood for high tariff and voted into office the party which promised lower duties, freer interchange in the world's commodities. It has long been held that the King of France, with his twelve thousand men made "blasted fools of themselves" for marching up the hill only to march down again,—but what, let us ask, will be the verdict of history upon the change of front of the American people at last Tuesday's ballot boxes?

Beyond Comparison.

Are the good qualities possessed by Hood's Sarsaparilla. Above all it purifies the blood, thus strengthening the system; it regulates the digestive organs, invigorates the kidneys and liver, tones and builds up the entire system cures Scrofula, Dyspepsia, Catarrh and Rheumatism. Get Hood's and only Hood's.

Hood's Pills cure all liver ills, biliousness, jaundice, indigestion, sick headache, etc.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

FORCE OF HABIT.

Evangeline's Calm Response to the Pleading Voice of Her Mother.

CHAPTER I.

Evangeline O'Glary came home from the ball weary and drowsy. Prior to the ball she had been working all day in the telephone office. Despite the fatigue and weariness which crashed her, however, she felt it would be impossible to sleep with the memory of Archibald Romney's manly voice ringing in her ears. She had been beautiful that night, she knew, but Archibald had been cold and distant, save for one word of formal greeting in his resonant, baritone tones. Restlessly she thought it over while tossing sally upon her couch and gazing through the damask curtains out upon the pallid, gibbous moon.

"He loves another!" she murmured in an ecstasy of pain. "Even though I have ever discriminated in his favor when any one calls up central for his number."

CHAPTER II.

Worn out with fatigue and sorrow and headaché of the fact that she must beat the downtown telephone exchange at 8 in the morning, Evangeline did not fall asleep until the only and ovoid ormula clock on the mantel told the hour of 3.

Then she slept.

CHAPTER III.

"Evangeline! Evangeline!" It was her mother's voice calling her in the morning.

"Evangeline! Get up! You told me to call you up at 7, and it's 7:30!"

Evangeline turned uneasily in her slumber. The spoken number had dimly reached the inmost recesses of her brain.

Her ripe lips moved.

"Easy now," she murmured mechanically. "Call 'em up again!"—Chicago Record.

The Largest Window.

The largest opalescent glass window in the world is in the new St. Paul's church at Milwaukee. It is what is known as a nave window, the lower half being composed of three immense panels and the upper half of a splendid rose and tracery in a semicircle of brilliant lacy. This monster window in its extreme measurement is 30 feet and 1 inch in width and exactly 24 feet in height. It is beautifully executed, the subject being the crucifixion—in fact, it is an exact copy of Dore's masterpiece, "Christ Leaving the Prætorium." There are over 200 life size figures represented on this wonderful window—St. Louis Republic.

Reward of Enterprise.

"That was a good article you had in the paper this morning, Mr. Wronder, giving the details of the method by which an expert burglar opens a combination lock without having to blow the safe to pieces," said the editor. "I have instructed the cashier to give you \$10 extra for it. Sorry to part with you, Mr. Wronder, but we shall not need your services any longer."

"Wh-wh!" gasped the reporter. "You give me \$10 extra for that article and then discharge me?"

"Yes, sir. I discharge you for knowing how to write it."—Chicago Tribune.

It is hard work, probably the best known example of workable wood dug from the ground. It is perfectly black and has good grain for carving.

The Roman catacombs are 380 miles in extent, and it is estimated that from 6,000,000 to 15,000,000 dead are there interred.

Thousands of cases of rheumatism have been cured by Hood's Sarsaparilla. This is abundant reason for belief that it will cure you.

OBITUARY.

Mrs. A. A. Bromley.

Mrs. Abbie A. Bromley, widow of
the late Avery A. Bromley, died at
her home on James street, about 9
o'clock this morning, of pneumonia,
aged about seventy years. She had
been sick only a few days, and had
not taken to her bed. She was lying
on a lounge, this morning, and death
came unexpectedly to her nurse and
Mrs. Osie, who were with her at the
time.

Mrs. Bromley recently purchased
the residence of Thomas Watts, Esq.,
on Highland avenue, had about com-
pleted furnishing it, had the furnace
fire lighted and intended to move in
this week.

Mrs. Bromley's maiden name was
Bradley. She was a native of Haver-
hill, Mass., and was married to Mr.
Bromley in November, 1848. They
never had any children, and after
her husband's death she lived alone
in the house on James street.

It is well known to most of our
readers that twelve years before the
death of her husband Mrs. Bromley
withdrew from society and lived the
life of a recluse, neither making nor
receiving calls and practically break-
ing up all previously formed friend-
ships and acquaintances, and since
her husband's death, while she has
attended church and occasionally
gone out to look after business mat-
ters, her life has been a lonely one.

She had one brother, who died in
Iowa about a year ago, leaving a for-
tune of \$5,000,000.

She is survived by several nephews
and nieces, some of whom reside in
Florida and the others in Massachusetts.

Her relatives have been notified of
her death, and until they arrive or
instructions have been received from
them the funeral arrangements will
not be completed.

Mrs. Bromley was a member of the
First Baptist Church, and for a few
years past has contributed as liber-
ally as her means would allow toward
its support.

William E. Sears.

From Our Montgomery Correspondent

Mr. William E. Sears, one of our
most esteemed citizens, died at his
home, one mile north of this village,
about 7 o'clock Thursday morning.
He had been ailing for some time, al-
though for the past two weeks he has
been feeling in better spirits. He was
stricken with paralysis Thursday
morning, and death soon followed.
He was seventy-four years old, and
was born on the place on which he
died, and on which he made his
home all his life.

Mr. Sears was a farmer by occupa-
tion and was a model citizen, of whom
every one speaks a good word. He
was a loyal, out and out Democrat,
but was unable to vote last Tuesday.

He leaves a sister, Eliza, who lived
with him, and one brother, Hon.
John P. Sears, of this place, and two
daughters, Bessie and Idaetta, both
of them at home. He was a brother
of the late Dr. Samuel Sears.

The funeral will be held Sunday, at
2 o'clock, from the Presbyterian
Church here, of which he was a mem-
ber.

An Old Man Missing.

Isaac Barreau, who lived near
Forest Park Hotel, in Pike county,
has been missing for a week. He
was over eighty years old, weak in
mind and body, and it is feared that
he has lost his way in the woods and
perished. Searching parties have
looked for him in vain.

HYMENEAL.

DeWitt—Garvin.

Adelaide M., daughter of Mr. and
Mrs. George S. Garvin, of Bloom-
burgh, was united in marriage at
1:30 p. m., Thursday, at the home of
her grandparents, Mr. and Mrs. A.
W. Mellin, in Bloomburgh, to Mr.
Graham S. DeWitt, the As-
sistant Superintendent of the Pruden-
tial Insurance Company at Port
Jervis. Rev. L. A. Lowther, pastor
of the M. E. Church at Bloom-
burgh, officiated.

Miss Iva L. Lowther, of Bloom-
burgh, and Mr. George Rutan, of
Port Jervis, were bridesmaid and
groomsman respectively. Miss Lella
Nottin, of Bloomburgh, was maid
of honor. Miss Frankie Bell, of
Bloomburgh, played the wedding
march.

A sumptuous wedding repast was
served. The young couple received
a large number of very handsome
wedding presents. Their honeymoon
of one week's duration will be spent
in Newark and Plainfield, N. J., at
the conclusion of which they will
make their home in Port Jervis.

THE RISE OF A BALL PLAYER.

Old Base Ball Days Recalled—Paterson
Olympics vs. Middletown Lone Stars.

Michael J. Kelly, the famous base
ball player, popularly known as "The
\$10,000 Beauty" and the "King of
the Diamond," was well known in
this city. In 1880 and '81, when
"Lop" Adams, "Skip" Carmichael,
"Nibsie" Wright, "Biff" Roth and
other local players banded them-
selves together in an aggregation
called the Lone Stars, they played
several games with the Olympics of
Paterson, who, although out at the
elbow, down at the heel, and gener-
ally disreputable in appearance and
conduct, played very good ball.

Kelly was one of the Olympics, and
his playing in this city secured him
a place on the Delawareans of Port Jer-
vis. After that his course was up-
ward and onward. He became a
member of the Cleveland team and
made for himself such a reputation
that in 1887, Boston paid Chicago
\$10,000 to release him. In 1890 he
was offered \$25,000 to leave the Play-
ers' League and play with the Chicago's.
He left the New York's, last
year, and this season managed the
Allentown and Yonkers clubs.

IN THE RAILROAD WORLD.

George Rimer, of this city, is
now night fireman on the O & W's
pusher engine at Livingston Manor,
having taken the place of Eben
Sprague, who is now firing on trains
21 and 22.

It is talked in Pennsylvania that
the O & W's Scranton extension will
be double-tracked at no distant day,
in order to accommodate its increas-
ing business.

Mr. M. W. Maguire, Superintend-
ent of the Susquehanna Division of
the Erie railroad system, is conva-
lescent, after having been confined
to his home in Paterson, for several
days.

A Wawayanda Man's Big Jag.

A Wawayanda farm hand, so drunk
that two officers were necessary to
handle him, was run in, last night,
when arraigned, at 9 o'clock, this
morning, he was still so drunk that
it was thought best to send him back
to sleep on his potatoes. This after-
noon, on his promise to leave town
at once and never come back, the Re-
corder discharged him with a reprimand.

Correct Weight of Milk.

As the practice of buying milk by
weight is becoming quite general,
the question of the correct average
weight per quart is of interest to all
dairymen. The matter has just been
referred to I. P. Roberts, director of
the Cornell station, and to Peter Col-
lier, director of the Geneva station,
and they agree with Bliss, of Ver-
mont, that the average quart of milk
weighs 2 1/2 pounds.

A Great Waste of Time and Effort.

About six inches of snow fell in
the vicinity of Taghkanic, Columbia
county, Monday night, and drifted
so badly that on Tuesday voters go-
ing to the polls were forced to shovel
out drifts three feet deep to get their
teams through.

It was a great waste of time and
effort. Republican votes were not
needed and Democratic ballots
didn't count anyway.

Long Distance Telephone in Sussex County.

ness men of the different villages in

make Newton the central office.

The Trouble Over.

A prominent man in town exclaim-
ed the other day: "My wife has been
wearing out her life from the effects
of Dyspepsia, Liver Complaint and
Indigestion. Her case baffled the
skill of our best physicians. After us-
ing three packages of Bacon's Celery
King for the Nerves she is almost en-
tirely well." Keep your blood in a

favor is that Simmons Regulator is

A RECKLESS YOUTH

He Jumps From an Erie Passenger Train Running Thirty Miles an Hour.

Wednesday afternoon, a boy about fourteen years old, whose name we have been unable to learn, got on the front bumper of the baggage car of Erie train 6 at James street, thinking the train would stop at Main street, where he intended to alight.

The train does not stop there, however, but runs through at a lively speed.

The boy saw his mistake, but before he could collect his senses and make up his mind what to do the train had reached Houston avenue and was running at a speed of thirty miles an hour.

At the risk of losing his life he jumped and was sent sprawling along the ground a considerable distance, and it was only a miracle that he was not killed.

As it was his injuries were comparatively slight. The side of his head was quite badly cut and filled with cinders; one finger was broken and the hand lacerated, and one leg badly bruised.

It isn't likely that he will ever try the experiment of jumping from a fast train again.

The company has secured the sole right to manufacture in the United States a patent jar and bottle, which is expected to displace any vessel now used for putting up fruit or pickles.

HEART DISEASE CAUSED DEATH.

Coroner Decker Holds No Inquest in the Case of Floyd Benedict.

Coroner Decker was called, but did not deem an inquest or autopsy necessary. Heart trouble was the cause of death.

PUBLIC VOICE.

Our Water Supply—Enough Water for the City's Needs If Used With Care.

Editor Argus—Over a year ago, the taxpayers called for a report from an expert hydraulic engineer, which should give the best plan for procuring an additional water supply.

The report shows:

First. That none of the proposed plans are desirable.

Second. That under his instructions, the engineer was not at liberty to consider other than the proposed plans.

Third. That the engineer believes that some better plan can be found.

It is also my opinion that some better plan exists, but what I want, is an expert opinion that some one plan is not only practical, but is also the best that our water shed affords.

After reading such a report, the taxpayers can decide what they want done.

While I believe that we should have such information for future use, yet every fact that I have been able to gather from statistics of other water works, from our own inspectors, and from the books kept by our water department, leads me to the conclusion that an additional water supply is not now a necessity.

New York city and Brooklyn consume seventy-seven gallons per capita per day. Middletown at this rate with 13,000 population, would require only 1,000,000 gallons per day or one half our present supply.

Our meter book, show that all consumers, not including house, store or stable users, are using 640,000 gallons per day. Besides meter consumers, we have a population of about 12,000 people. Thirty gallons per day for individual use is a liberal allowance. Twelve thousand people at thirty gallons per day would consume 360,000 gallons. In other words, our own books show that we ought to be using only 1,000,000 gallons per day, or one half our present supply.

In the past attention has been given only to supplying abundance of water. This year care was given to checking waste, and I call special attention to the result of inspections and the use of about 100 additional water meters.

I will compare the periods from May to October in 1933 and 1934.

Each period began with about the same quantity of water in the reservoirs.

During 1933 there were ordinary rains, the sinking of yards and streets was not allowed, yet the average depth of water in the reservoirs from May to October fell two feet ten and one half inches.

During 1934 there was a severe drought, yet with eleven per cent more consumers, and one-seventh of all consumers sprinkling yards and streets, the average depth of water from May to October was lessened only seven and a quarter inches.

From October 12th to November 5th Monahan Lake has raised fourteen inches. I cannot give the figures for Highland Lake, but I prophesy that by next spring, Monahan Lake will be full and Highland Lake fuller than ever before.

It is my firm belief that careful attention to the management of the city water works can so reduce the waste of water that the proposed additional supply involving an expense of from \$100,000 to \$200,000 can be put off for many years.

LIVINGSTON MANOR.

Fail of a Bridge—Burning of the Osterhout House.

The lower bridge at Old Morriston broke down, Thursday of last week, with a load of household goods. Larry Mullen was moving Oison Sherwood from Parkville to Parkston, and when about half way across the bridge it went down. The team and wagon and goods all went into the river, a distance of a out ten feet, and as the river was quite high at the time, many of the goods were damaged by being wet.

The Osterhout house in this village was burned to the ground, Sunday morning last, about 5 o'clock, with nearly all of the contents. Mr. Walter Purvis rented the building and was running a bakery in the basement. Mr. Purvis barely escaped with his life. When he woke up his bed was on fire and his hair was quite badly singed, before he got out of the house. Some of the other occupants of the house jumped through the windows to save their lives. It is reported that Mr. Purvis lost about \$130 in money, which was burned with the house. If it had not been for the prompt and faithful work of the hose company, David Fitzgerald's house would have been burned, as it caught fire in several places.

TO LOOK NICE.

ALL WOMEN DESIRE IT.

Some Points About How to Accomplish the Desired End.

(SPECIAL TO OUR LADY READERS.) It is the most natural wish in life with women—to feel well and look nice.

It is born with them. It makes a world of difference to the wee little girl whether or no there is a bit of pretty lace or

brilliant ribbon about her dress or on her hat.

Yes! All women like to look nice. All watch for the least signs of fading.

You have seen beautiful ladies, and been amazed to know that they have lived fifty or sixty years of life.

Have you ever stopped to ask why the few look so lovely while the many around you are so haggard?

Look into it, and you will soon find them blessed with a perfect and healthy organism.

Above all, you will find that no female complaints have seared their lives; no dreadful backache, no irregular periods, no bearing down, or any kind of uterus, ovarian, or womb trouble.

You are not like them now, but you may reach their high level if you will.

You suffer, but there is a remedy. Lydia E. Pinkham's Vegetable Compound is the greatest remedy ever discovered for women. It restores the womb and all irregularities to their natural healthy condition, and makes possible a lovely old age. It cures every form of female complaint, from leucorrhoea to tumors in the womb.
